Saurashtra University – IIC

The university is dedicated to instruction, research, and extending knowledge to the public (public service). Ministry of Education (MoE), Govt. of India has established 'MoE's Innovation Cell (MIC)' to systematically foster the culture of Innovation among all Higher Education Institutions (HEIs). The primary mandate of MIC is to encourage, inspire and nurture young students by supporting them to work with new ideas and transform them into prototypes while they are informative years. Saurashtra University is one the Organization that have constituted the IIC to foster the vision of MoE and be a part for the promotion and development of innovation ecosystem.

Brief about Event

Kavi Shree Daad Government Arts and Commerce College, Paddhari, in collaboration with the Saurashtra University Startup and Entrepreneurship Council (SUSEC), SPRIHA, and the Institution's Innovation Council (IIC), Saurashtra University, organized a seminar titled **"IPR, Innovation Support & Institutional Ecosystem"** on **19th September 2025**. The seminar was aimed at creating awareness among students regarding innovation, intellectual property rights, and institutional support mechanisms available for startups and entrepreneurs.

The session was delivered by **Mr. Parth Sejpal**, IPR Chair Professor, SPRIHA, Saurashtra University. The seminar focused on the role of intellectual property in protecting innovations and the importance of institutional ecosystems in nurturing creative ideas into sustainable ventures. The speaker emphasized how academic institutions play a crucial role in fostering innovation-driven entrepreneurship.

During the seminar, students were introduced to various components of the innovation ecosystem, including innovation clubs, incubation centers, IIC initiatives, and government-supported schemes such as SSIP. The session highlighted how these platforms provide mentoring, funding support, and infrastructure to aspiring innovators and entrepreneurs. Mr. Sejpal also discussed the strategic importance of IPR in today's knowledge-based economy and explained how patents, copyrights, and trademarks help innovators safeguard their ideas. Practical insights and real-life examples made the session informative and engaging for participants.

The seminar witnessed active participation from students and faculty members, who interacted with the speaker through questions and discussions. The overall environment encouraged students to think innovatively and explore entrepreneurship as a viable career option supported by strong institutional frameworks.

Key Points

During the session, below mentioned points were discussed:

- Innovation Ecosystem
- IPR Awareness
- Startup Support
- Institutional Framework
- Government Schemes
- Incubation Facilities
- Student Interaction

Outcome

The seminar successfully enhanced participants' understanding of intellectual property rights, innovation support systems, and the role of institutions in promoting entrepreneurship. Students gained clarity on how structured ecosystems within universities can help transform ideas into impactful innovations while ensuring legal protection through IPR.

The session inspired students to actively engage with innovation platforms, explore startup opportunities, and leverage institutional and government support mechanisms. Overall, the seminar contributed to building an innovation-oriented mindset and strengthened the culture of entrepreneurship among students.
